

ACROSS THE MOAT

The arches in the lower wall lead to the Medieval Bath House created for King Edward 1

SERVANTS CORRIDOR

Arrow slits in walls allowed arrows to be fired out. They are also called Loopholes..

THE GATEHOUSE

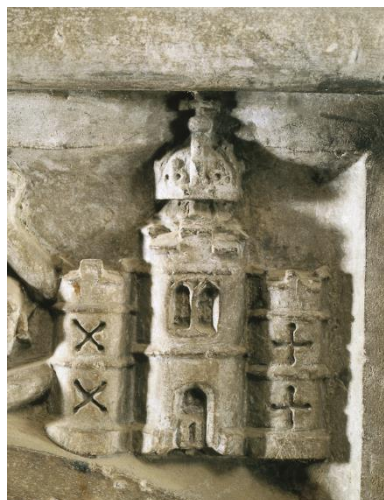

Machicolations (Murder Holes)

THE PRIVATE DINING ROOM

Castles were very cold. The shutters kept out draughts

PRIVATE WRITING ROOM

The Castle of Castile carved in the spandrel of the fireplace

THE SALON

The bay window was installed by King Henry VIII

THE SPIRAL STAIRCASE

Spiral staircases are often found in castles
How many steps can you count?

Look out the window to see the moat beneath. The moat was a great defence against attack

MAIN STAIRCASE

Candles provided the lighting in a castle

FRONT DOOR

A door within a door
